ChildPilot
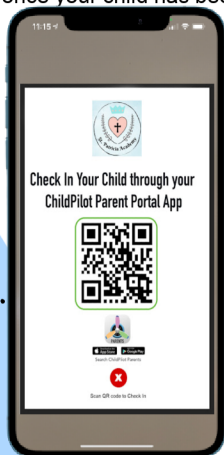

QR Code Check-In Instructions

Once you have you ChildPilot app installed on your smartphone, you're ready to check your children in & out using the QR Code. Just follow these simple steps.

1 Open your app and click the blue check-in button located underneath your child's name.

2 Point your camera to the QR code for you child to be checked in. A notification in green will alert you once your child has been checked in.

Success
Lola Scott Prescott checked in.
